EXCITEMENT RUNS HIGH OVER SUNDAY CLOSING

GLENDALE TO HAVE ONE OF THE LARGEST PUMPING PLANTS ON COAST

This System, When Completed, Will Have 850 Horsepower in Motors in the Plant on San Fernando Road—Will Double the Present Capacity of Power

Harry Lynch, who has been the engineer of water department improvements made under the $260,000 bond issue, in conversation repeated the statement made to the board of trustees last Thursday night to the effect that when the present work is completed, Glendale will have one of the largest electrically driven pumping plants on the coast. In explanation he said:

"Glendale's main pumping plant, when finished will have 850-horsepower in motors and by the main plant I mean the plant on San Fernando road. Down there four wells have been connected up. For several years we have had 450-horsepower there and we are now doubling the capacity, adding two more wells and a booster pump driven by a 350-horsepower motor. In addition to that there is to be put in this spring a 60-horsepower motor at the Vine avenue pumping plant and we have in contemplation an 80-horsepower motor in Verdugo canyon and small booster pumps so that when completed the pumping plants of the city will aggregate over 1000-horsepower in motors.

"There are two reasons for making them so big. One is that the apparent flatness of this town is very deceptive. The town is really on quite a heavy slope so that in pumping water from the San Fernando road to the level above the business center, we have a total pumping head of 320 feet. The other reason is that the town is probably larger now than is realized by most of the inhabitants, because it has grown so rapidly and the volume of water used is correspondingly large. Not only is the volume of water used large, but the available quantity of water is large, so that all that is necessary to give Glendale an adequate supply is sufficient equipment and that we are putting in.

"There is water enough here for the requirements of a large city and the equipment we are putting in will probably be sufficient for several years to come. But if the town continues to grow at the rate it is now growing it will be necessary to put in more pumping equipment and distribution mains, and it will also be necessary at no very remote date to put in probably two more reservoirs. We have the site for one of these in the Grand View district where we are building a small reservoir to take care of the immediate needs of the section. We have, moreover, several acres of land properly situated and sufficient in size for a large reservoir.

The reservoir on Verdugo road is being rapidly completed and should be in commission before the first of July. That will serve the main portion of the town. It takes the place of three reservoirs now in use and is several times larger than the combined capacity of the three. It is also 65 feet higher than the reservoir supplying the main portion of the town so that in addition to giving a greater reserve of water, it will furnish better pressures.

"There is also being put in from that reservoir on Glendale avenue a 30-inch main for a distance of a mile for the purpose of assisting in the distribution of this water. This reservoir and main will never need to be enlarged no matter what the growth of the town may be, although other reservoirs, as noted above, may have to be built.

The $100,000 will provide the mains needed to conduct water from the larger mains to the different parts of the city. The replacement of 4-inch laterals will not be as great as many people fear. Between Colorado and Lexington and between Central and Adams there is old pipe that is worn out and there is some in the Tropico, but even in that section a large part of the pipe laid has been put in within the past 15 years. The Richardson tracts, for example, have pipe that is still good. The same is true of the Lomita Park tract, the Glendale Boulevard tract, and the Childs subdivision.

"TRIPLE ALLIANCE" GENERAL STRIKE

(By International News Service)

LONDON, April 4.—A general strike by the entire "triple alliance" — miners, railway and transport workers — is to be reckoned with; the cabinet concluded at a meeting just before the opening of the Parliament session called by King George as an emergency measure for this afternoon. Premier Lloyd George and the other ministers are understood to believe such a strike is inevitable and to have discussed plans to cope with it. If the railmen and transport workers actually join the miners it will be the first "triple alliance" strike in the history of the kingdom. In every previous controversy such a walkout was averted at the eleventh hour.

CORNERSTONE WILL BE LAID NEXT SUNDAY

John Steven McGroarty and Other Distinguished Men To Be Present

The cornerstone of the Church of the Holy Family at Elk avenue and Louise street will be laid with impressive ceremonies on Sunday afternoon, April 17.

Another engagement for that day will prevent Right Reverend John J. Cantwell, bishop of the diocese of Monterey and Los Angeles, from being present. Monsignor Harnett, rector of the cathedral of St. Vibiana in Los Angeles, will represent the bishop in the ceremonies, and John Steven McGroarty, author of the Mission play, will be the speaker of the day. Speeches will also be made by Rev. Father J. S. O'Neill, pastor of the church, and others.

A copper box containing memoranda of the church and the names of all the Sunday school children, from the babes in arms to the largest ones, will be placed in the cornerstone.

JOHN ROBERT WHITE IS BUSY LEGISLATOR

John Robert White is so busy in the strenuous life of a legislator at Sacramento that he doesn't have time to finish letters to Mrs. White. She has received one that he had started and abandoned after a few lines with the explanation "Have to go and fight a bill." He was very happy over the success in the asseembly of his bill limiting candidates for office to the parties with which they are regularly registered, and hopes it will have equally good luck in the senate. Mrs. White has been hoping they would be able to take possession of their new house next Sunday, but is not certain that it will be ready then.

Whether Public Amusements Shall Be Sanctioned on Sunday in Pomona

Five Big Mass Meetings Were Held in the Afternoon by Both Factions in the Open Air Greek Theater

POMONA, April 4.—Pomona is voting today on the "question of whether the motion picture theaters and other public amusements shall remain open on Sunday, and it is expected that a record vote will be cast. After a month's active campaign by the advocates and opponents of the proposed measure, the whole city has been stirred up to a high pitch of excitement and the contest is expected to be a close one.

Two big mass meetings were held in the afternoon, one by each faction in the fight. The advocates of the ordinance, more than 2000 of them, crowded into the open air Greek theater, where in spite of threatening weather they sat for two hours and cheered for the Sunday closing law. At this meeting Dr. James A. Francis of Los Angeles, spoke in favor of the ordinance and a company of negro jubilee singers gave a sacred concert.

At the same time another mass meeting was held in the business section where a number of prominent motion picture actors and actresses urged the citizens to vote against the Sunday closing ordinance. Rupert Hughes, the novelist, was the principal speaker against the law. Among the movie stars present were Charles Murray, Jackie Coogan, Anita Stewart and Wallace Reid.

MANY BOOSTERS FOR GLENDALE

Novel Idea Carried Out in High School to Create a Lively Interest

Glen and Dale had a lively time at the meeting of the county executive held in Los Angeles Sunday. Young people from all over the county were there. You would all be interested to hear the way they are boosting for Glendale. Mr. Valentine, state president, gave an interesting number of items regarding the program. Mr. Howard Brown told them Glen and Dale were busy building the auditorium and everything was going along here in tiptop shape. If they wanted boosters for any meeting, to call on Miss Ethel Preston and her entertainment committee. Later, Glen and Dale would have a special flying squadron to go over the county and invite people to come. Mr. Chester Rutledge, one of the vice-presidents of the county, was appointed official booster. Prizes are being offered for the districts who first register their quota. Glendale's apportionment is 500. Everyone help Glen and Dale to lead the procession.

Glen and Dale's high school folks are lively young people. They like a little fun of their own and are springing a little jinks day ahead of time. George Stanley, president of the Glendale Presbyterian Intermediate society, has an idea which will provoke an interest in Christian Endeavor work. All of his society and every other society in Glendale, the members of which go to Glendale high school, are wearing a three-inch white "C.E." today. Many invitations will be given by these enthusiastic intermediates to come and join Glen and Dale, in some of the churches, Sunday evenings at 6:30.

"THE KID" AT THE PALACE GRAND

"The Kid," Charlie Chaplin's latest fun-vehicle, which is the feature picture at the Palace Grand today and tomorrow, has more of a plot than some of the previous plays in which the comedy king has been seen.

The comedy, moreover, is of a somewhat different type—less of the slapstick sortt. The situations are just as ludicrous and the fun as fast and furious as all the other Chaplin offerings. Little Jackie Coogan as "The Kid" shares the honors witn Charlie, and many motion picture fans consider this the greatest Chaplin comedy yet.

Shows start at 1, 3, 5, 7 and 9 p. m.

CARPENTERS GIVE A BOX SOCIAL

Carpenters' Local No. 563, were hosts on Friday evening at an "April Fool" dance and box social at the I. O. O. F. hall.

Among the guests were a large number from the Los Angeles locals, 426 and 158. Number 62, Women's Auxiliary of Los Angeles, were also well represented, and Mr. P. D. Noel, representative of the ladies' organizations affiliated with the Los Angeles Labor Council, was present to arouse interest in organizing a women's auxiliary to the building crafts in Glendale.

Whaley's jazz orchestra furnished splendid music for dancing and much merriment was caused by a clever stunt in charge of Mrs. Noel, by means of which partners for the box luncheon were chosen. Shadow pictures of the ladies present were silhouetted on a large white screen behind which a light had been placed, the rest of the room being in darkness. Instead of bidding on the boxes, in the usual way, gentlemen guests bid on the shadow picture on the screen for their partners for the lunch. These shadow pictures sold all the way from $3.75 to $7, the latter price being paid for the privilege of lunching with Mrs. Noel.

A vote of thanks was tendered the Los Angeles visitors in appreciation of their interest in the Glendale local. It is planned to organize a ladies' Label League at the next meeting. This is a benefit society open to all working women.

TO PUT GLENDALE ON THE SPORTS MAP

The ambition of the Glendale Athletic Club, recently organized in the southern section of the city, is to put Glendale on the map in athletic circles in Southern California. And this laudable ambition seems in a fair way to be realized, judging by the prowess of their baseball team, which defeated the Catalina Cubs on their own stamping ground a week ago yesterday, and beat the Marble Gilding Company's team yesterday on the local fields at San Fernando and Park avenue after a closely contested game.

It was necessary to play 12 innings to decide yesterday's game. At the ninth inning the game was a tie. C. Cruz working on the mound and McMullen behind the plate had to do some clever work to gain the victory, for the battery for the Marble Gilding Company, Brown and Staut, were very skillful and did some wonderful work, the score standing Athletic Club 12 hits, 3 errors and 4 runs, the visiting team 9 hits, 3 errors and 3 runs.

It was an interesting game and one thoroughly enjoyed by the 600 or more spectators. The victory is quite a feather in the Glendale Athletic Club's cap, for the Marble Gilding Company's team is a strong one.

The Glendale Athletic Club has just completed its new grand stand, which seats about 250.

JUNIOR AUXILIARY TO MUSIC CLUB

The Juvenile Auxiliary of the Glendale Music Club was organized on Saturday afternoon at the home of Mrs. Frank Arnold, 211 East Lomita avenue, by Mrs. Mattison B. Jones, president of the club.

The interest shown by the children in this first meeting was most encouraging and augurs well for the success of the juvenile branch of the organization. There were 31 children present, and 30 of them joined the club.

Officers were elected as follows: Helen Sternberg, president; Edwin Cline, first vice-president; Marguerite Chappell, second vice-president; Gladys Woodyard recording secretary; Helen White, corresponding secretary; Josephine McLaren, treasurer; Margaret Longley, historian.

A delightful impromptu program was given, which included a piano solo, Dorothy Gaynor Blake's "Dance of the Elves," Betty Hagood; piano solo, Tschaikowsky's "The Lark Song," Marguerite Chappell; vocal solo, "I'm Forever Blowing Bubbles," Preston Henning; two piano numbers, Goodrich's "Elfin Dance," and Dorothy Blake's "Military March," Rebecca Brant.

This branch of the Glendale Music Club is open to all Glendale boys and girls between the ages of six and 14. Dues in the club are 50 cents. There will be an initiation fee of $1.00 for those who join later than the last of May. Those who join in April or May need not pay this initiation fee.

Refreshments were served by the hostess, Mrs. Arnold, at the close of Saturday's meeting. The next meeting will be held Saturday, May 7 at the same place. Meetings will be held at Mrs. Arnold's home until a suitable meeting place can be found.

RECENT MOVES

Families have moved or made arrangements thereto since Saturday noon, as follows: E. B. Calkins from 114 North Everett to 1116 East California; S. Pardee, from 430 to 426 Elk, Chisholms from 210 East Cypress to 625 East Maple, Lanes from 1207 South Maryland to 1118 South San Fernando road, L. C. Green from 319 East Dryden to 530 West Harvard, H. Hankin to 413 West Garfield, D. M. Hartford to 312 West Acacia, James H. Searles to 1234 Boynton, A. A. Bassett to 464 Salem, Mrs. M. Lyons to 1028 South Glendale and H. A. Worsley to 346 Vine.

BLAKE FRANKLIN A LUCKY FISHERMAN

Several groups of fishermen are home from week-end outings with varying tales of luck. Mr. and Mrs. Harry McBain and party who left Saturday night, and returned Sunday night, went to the Sespe and report no luck at all, that there were no fish to be caught. They had, however, a very pleasant time and did not regret their trip.

Blake Franklin and his friend, Price Holms, had such different luck that they brought home the limit, and as the weather was cool and the fish well packed in leaves, they reached Glendale in as good order as though just taken from the water. Passing through Lyons Hot Springs, where they found about 120 machines parked on their return trip, they hiked ten miles farther up the north fork of the Matillija, where few fishermen were to be seen and where they had the stream to themselves. It proved to be a sportsman's paradise

Clyde Thedaker, agent at the Southern Pacific station, also tried his luck on the Sespe but brought home no fish. His laconic explanation was: "Too many fishermen and no fish."

"SOCIETY SECRETS" GLENDALE THEATER

It took three months to make an American a soldier during the war. How long does it take to make a society fop out of an honest old farmer? If the question suggests humorous possibilities to you go to the Glendale theater where "Society Secrets" is the principal attraction today and get a dramatic thrill with your laughs. The story of "Society Secrets" gives Eva Novak her greatest starring opportunity. It was directed by Leo McCarey from the magazine story by Helen Christine Bennett.

Harold Lloyd in a joyous comedy, "Now or Never," the third episode of "The Son of Tarzan," the latest Pathe News and Topics of the Day are other attractions on this bill.

Mr. and Mrs. J. W. Cooper, 119 North Central, Mr. and Mrs. H. L. Brown, 406 North Maryland, and Mr. and Mrs. R. D. King, of 214 North Belmont, will be dinner guests this evening at San Pedro, of John Macon, superintendent of the Christian Endeavor floating work. Covers will be laid for 20, the other guests coming from Los Angeles.

WHY NOT UTILIZE THE SMALL AREAS NOW OWNED BY GLENDALE FOR PARKS?

Movement to Have Broadway Improved to Its Westerly Limits and to Secure a Bridge Across the River Is Gaining Considerable Headway

Even if the bond issue for parks did fail, Glendale need not necessarily be without at least a few scattered parks of small dimensions. It has been pointed out by one acquainted with the subject that the city owns a number of small areas that could be utilized for the purpose. For example, the reorganization of the water distributing system, and the building of new reservoirs will bring about the abandonment of the Bliss reservoir which is situated on a beautiful knoll just three blocks east at the end of the Brand boulevard car line. It contains just two acres and four years ago, in anticipation of its abandonment, it was planted to trees, oaks, palms and redwoods and water pipes were laid for their irrigation. It has served as a city nursery, and the trees have made a fine growth, the oaks being about 4 inches in diameter, the Redwoods 7 inches and the palms about 6 inches through. They are being cultivated and cared for and when the proper time comes, the poor ones can be taken out and good ones left where trees will do the most good, the city will then have a lovely little park that commands a beautiful view of the valley. The effort has been to keep it as natural as possible and it is never going to require artificial up-keep.

There are two other reservoirs on Glendale avenue, north of Monterey road, representing about two and a half acres that will also cease to be used. While the soil is rather sandy they could undoubtedly be improved with trees and shrubs and make nice little neighborhood parks.

When Tropico was annexed the city acquired about half an acre of land on Tropico hill that had been purchased for a reservoir site, but proved not to be well adapted for the purpose and had never been so improved. This too would make a charming little park though small.

Another park which is easily accessible is being developed by the Glendale-Montrose railroad at the end of its line at La Crescenta. It is known as Glenrose park. Picnic tables have been installed, a double tennis court has been built, drinking fountains, swings and rest rooms have been provided. There is a natural growth of young oaks upon it and other trees are being planted, which will in time make it a charming spot.

The movement to have Broadway improved to its westerly limits and to secure a bridge across the river at that point to open the way to Griffith park is gaining headway and some day this very desirable project will be put through. Then Glendale will for all practical purposes acquire Griffith park and can, if necessary, get along with scattered small parks to serve the neighborhoods in which they are located, especially if we can arrange to make use of the athletic fields and gymnasiums of our schools for the recreation of the general public out of school hours.

JOLLY "MOTHER AND DAUGHTER" LUNCH

Mrs. G. D. Roach of West Lexington was hostess at a charming and very jolly "mother and daughter" luncheon last Friday. While it was April Fool's day, there was nothing foolish about the luncheon, which was altogether delicious. A color scheme of yellow, white and green was carried out in floral decoration and table appointments. The afternoon program was in keeping with the day and there were some very amusing songs, stories, and nonsensical stunts, prizes being bestowed on the guests who did the funniest things. Mrs. Needham, mother of Mrs. Frank Ayars, won the first prize, a copy of Edgar Guest's poems. The second went to Mrs. C. A. Parker, a box of chocolates. Upon Mrs. Charles Perkins, who took no part in the program, was bestowed the consolation prize.

The guest list included: Mrs. Ayars and mother, Mrs. Needham; Mrs. Draper and mother, Mrs. Hogan; Mrs C. A. Parker and mother, Mrs. Cowan, also her sister, Mrs. Meadows; Mrs Hagood, Mrs. Perkins, Mrs. Lapham, Mrs. Wright and Mrs. Wernette.

MRS. CHARLES LE PINE SUMMONED BEYOND

The sad news of the demise of Mrs. Amelia Le Pine, aged 39 years, which occurred at her home in Douglas, Ariz., Saturday, April 2, came as a shock to her many friends here. Mrs. Le Pine was the wife of Charles Le Pine whose mother, Mrs. H. Henning, resides at 203 East Elk and for many years past she has come here for the summer. Her wonderful personality and beautiful character have endeared her to a large host of friends, who with the bereaved husband and sorrowing daughter, Hazel, aged 17, mourn her untimely departure. The remains will be brought to Glendale for interment in Forest Lawn cemetery.

Notice will be given in this paper when funeral arrangements have been completed.

BRAND FRONTAGE BEGINS FRESH BOOM

Friday and Saturday were banner days for big realty transactions, if rumors on "the street" are to be trusted. Friday Neale & Gregg are said to have closed a deal for the purchase of a lot in the next block north of their present location on Brand, just beyond the MacMullin studio for $8000.

The other big item of Brand boulevard news was the sale of the house and lot at the southwest corner of Brand and Wilson owned by the Misses Jeanette and Ida Baldwin for $45,000. The same ladies own and are improving for the use of Sam Seelig the property this side of the corner on the same side of Brand.

Another transaction reported is the sale of 200 feet at the northwest corner of Brand and Lexington, belonging to Mattison B. Jones for a consideratio of between $12,000 and $13,000.

SHU-BAR COMPANY'S STORE BROKEN INTO

Music, we're told, hath charms to soothe the savage breast—but it seems to have inspired the savage conscience of some amateur burglar, musically inclined, to break into the Shu-Bar music company's store at 712 East Broadway, last night, and carry off several stringed instruments and a number of phonograph records.

Entrance was made by breaking a rear window. The loss is small and the fact that valuable oil paintings on the walls and other expensive small wares were not disturbed, proves that the burglar was an amateur, possibly a small boy.

About 15 or 16 offenders against the traffic law were cited to appear before Judge Lowe this forenoon to answer the various infractions, but only 10 appeared. Fines of from $3 to $10 were assessed, the offenses being turning between street intersections. cutting corners, open mufflers and exceeding the speed limit.

THIRD LARGEST BUILDING RECORD IN GLENDALE'S REMARKABLE HISTORY

Building Permits for the Month of March Amounted to $473,462; for the First Quarter of Year Were $814,923—Former Records Eclipsed

March, 1920, surprised everyone with by far the greatest building records in the city's history, greater by $128,000 than any previous month. March of 1921 did even better, going almost $276,000 over February's record. The first quarter of 1921 topped the first quarter of 1920 by $222,001. Following is a list of the 184 permits issued during the month just past:

BRAND BOULEVARD CORNERS IN DEMAND

Two corners on Brand, one at Chestnut, the other at Maple, have just been sold through the agency of Borthick Brothers to Mr. and Mrs. Walter Szalarizriemiez. They came to Glendale about five months ago from Chicago. The agents refused to state the consideration but said the purchasers paid the price asked without quibbling.

The same firm has sold an adjoining lot of 25 feet on Brand near Chestnut, to Miss Bennette, the costumer, who plans to erect right away a two-story building with a store below, in which she will carry on a women's apparel shop, and an apartment, which she will occupy, above.

"GLEN AND DALE"

Sometimes we wonder how things can be done but they are. When the Christian Endeavor had their county convention here in 1917 they had a tent on the corner of Louise and Colorado, but we didn't want that this time. We looked at the churches, but they are only big enough for section meetings and committee business. Why we may even have to sleep in them. No, we know they'll be none done during meetings, they are too full of interest for that, but we shouldn't wonder if cots would be put up in them.

W. G. Boyd, a builder of the city and his vice chairman, E. D. Yard, did some good work in our behalf. They interviewed the John Brown people and have arranged with them to build the temporary tabernacle much higher than usual to allow the sides to be removed and extended for the June meetings. This is a case of helping two causes with one building. After the Brown meetings the tabernacle will belong to Glen and Dale, and will then seat about 4500.

A permit for the building was issued the John Brown committee Friday morning. This week preliminary work was done by men who freely gave of their time and skill. More came than could be used, but next week work will be rushed. The ladies of the Methodist church are planning to serve hot dinners to all men who will donate their services on the tabernacle. There will be a busy, jolly crowd at the southwest corner of Harvard and Orange next Monday morning.

"HEDGERS" NEVER COME OUT IN OPEN

"Hedgers" are folks who never come out in the open. They are timid souls who would like to run something if they weren't afraid they might make a mistake. Sometimes these dwellers by the side have good ideas, but they are afraid to air them. They fear criticism and escape that incentive to better effort if they possibly can. So they continue living in the shade of the hedges and never doing anything to bring them into their best. And because of their peculiar thinking and habits they are not even harmless. Some folks need a fire in the hedge or something else that will make them stir themselves, and do things worthy of men and the times.

PETITION

In the Superior Court of the State of California, in and for the County of Los Angeles.

In re. Application by the Glendale Publishing and Printing Company, a Corporation, that Glendale Press as to its Daily Edition Be Declared and Adjudged a Newspaper of General Circulation.

The petitioner, Glendale Publishing and Printing Company, a corporation, hereby petitions that the Glendale Press as to its daily edition be declared and adjudged a newspaper of general circulation and in that behalf alleges:

I.

That the Glendale Publishing and Printing Company is a corporation duly organized and existing under and by virtue of the laws of the State of California and has its principal place of business at the City of Glendale, County of Los Angeles, State of California.

II.

That the Glendale Press was printed and published at regular weekly intervals for more than one year prior to March 1, 1921, in the City of Glendale, County of Los Angeles, State of California, by J. W. Usilton and J. H. Folz, its sole owners and proprietors, that on March 1, 1921, the said petitioner as the successor in interest of the said J. W. Usilton and J. H. Folz of the said Glendale Press and the Glendale Press plant and equipment began to print and publish and ever since has continued to print and publish at regular daily intervals, except Sundays, the said Glendale Press as "Glendale Daily Press, (Daily Edition of the Glendale Press)," at said City of Glendale, County of Los Angeles, State of California that said Glendale Press, daily edition, is a newspaper of general circulation, printed and published as aforesaid, for the dissemination of local and telegraphic news and intelligence of a general character, and has a bonafide subscription list of paying subscribers to whom said newspaper is delivered daily as printed and published and for which each and every subscriber pays the said petitioner at the regular subscription rates.

III.

That said Glendale rPess was printed and published as a newspaper by said J. W. Usilton and J. H. Folz continuously and at regular weekly intervals, except Sundays, for more than one year prior to said March 1, 1921, and was on said March 1, 1921, and daily thereafter, except Sundays, to the present time, has been printed and published and continues to be printed and published at regular daily intervals at said City of Glendale, by said petitioner for the dissemination of local and telegraphic news and intelligence of a general character.

IV.

That said Glendale Press, printed and published at regular weekly and regular daily intervals, as aforesaid, had at all of the times mentioned in this petition and now has a bonafide subscription list of paying subscribers at the regular subscription rates.

V.

That said Glendale Press was at all of said times a newspaper of general circulation and published for the purpose and at the place as aforesaid.

VI.

That said Glendale Press has not been during any of the time mentioned in this petition and is not now devoted to the interests or published for the entertainment or instruction of any particular class, profession, trade, calling, race, or denomination, or for any number of such classes, professions, trades, callings, races or denominations nor has the avowed purpose of said newspaper ever been, nor is it now the avowed purpose of said newspaper to entertain or instruct such classes or any of such classes.

WHEREFORE, petitioner prays that this Honorable Court ascertain and adjudge that said Glendale Press is a daily newspaper of general circulation within the meaning and requirements of Section 4460 of the Political Code of the State of California, and as such is entitled to accept contracts for and do official advertising and publishing wherever the same is required by any law of the State of California, and for such other and further relief as may be meet and proper in the premises.

BUILDING GENERAL ALL OVER THE CITY

One marked feature of Glendale's unexampled building campaign is the fact that no particular section of the city is unduly exalted over others. There have some beautiful residences been erected on North Orange and West Doran, but no handsomer than some on Riverdale drive, Maryland, Isabel, Jackson, Kenwood, or the extreme east side. Wilson avenue, between Columbus and Pacific, holds the record as yet for intensive building, with 28 new houses out of 33 now standing, and only three lots vacant. In the extreme western part of the city, Alexander, State, Concord, Chester and Fairmont, are making an amazing growth, with many really beautiful bungalows among the residences erected.

It is a common remark of newcomers that they had heard many wonderful tales about Glendale's remarkable growth, but that they were not prepared for the wonders that met them on every side. Others say they were directed to Hollywood, Pasadena, Long Beach, or some other beautiful city or suburb, but chose to visit Glendale afterward, with the result that this city became their choice.

Though Glendale's building record is such as to amaze the world yet we are not keeping pace with the demand for new homes by the rushing tide of tourists, many of whom come to rent, but remain to buy.

IMPORTANT ADDITION BY VALLEY SUPPLY CO.

The building for which V. M. Hollister took out a permit Saturday marks a new era in the poultry feed business in Glendale as electrically operated machinery will be installed for the mixing of scratch feed and mash. All of the Glendale feed stores have mixed their own feeds on a small scale by hand for some years, but the big mixers that the new building will house will prepare a ton or more at a time. The lot on which the building will be located has a frontage of 100 feet on Maryland and a depth of 144.6 feet, and the structure will be 100x142 feet. It will be one story in height and the walls will be of hollow tile or hydro-stone.

Glendale is becoming quite an important poultry center and it is certainly time that measures should be taken to meet every demand for supplies by the raisers of this kind of live stock.

PLUTOCRATIC WORKMEN

When you see a cluster of eight or ten autos in front of a lot it doesn't mean a fire or a funeral, but most likely a group of workmen engaged on a new building, each one of them coming to work in his own machine.

MANY FAMILIES ARE MOVING

Ben F. Bolen and wife and daughter Beatrice are moving from 369 Myrtle to 511 South Glendale avenue, having sold their home at the former location. John D. Cole and family are moving from 421 North Kenwood to 126 Arden. The other John D. Cole, brother of Rev. Clifford A. Cole, is working hard to complete his home at 116 Burchett and will have it ready for occupancy in a few days. Other moves noted are as follows: J. S. Neel, from 114 Fairview to 646 North Orange; O. B. Roberts, from 118 North Everett to 716 East Maple; A. L. Smith, from 617 North Adams to Los Angeles; O. F. Ward from 1339 South San Fernando road to 120 East Laurel; Mrs. C. P. Barnard, from 735 East Wilson to 128 South Louise; W. H. Pfaff, from 1517 Rock Glen to Los Angeles; E. C. Echelberger, from 107 North Central to 336 East Dryden; O. T. Bell, from 230 West Colorado to 321 North Kenwood; Mrs. J. F. Gasser, to 315 North Louise; Mrs. H. McSpaden, to 216 Arden; F. O. Haskell, to 241 Howard; Mrs. Ellen F. Card, to 115 South Pacific; Mrs. E. Davenport, to 117 North Kenwood.

GLENDALE IS FIRST IN RESIDENCE BUILDING

Los Angeles is pluming herself as being the leading city of the country in building, according to population, in March, 1921, which is far from the truth. Calling her population 600,000, her building record of $6,000,000 is $10 for each inhabitant, while Glendale's is more than $25 for each man, woman and child. And, moreover, more than half of Los Angeles' big permit valuation is accounted for by costly business buildings while more than four-fifths of Glendale's is for residences.

MYRON T. HERRICK FRENCH AMBASSADOR

(By International News Service)

WASHINGTON, April 4. — The state department will make inquiries of France as to whether Myron T. Herrick of Ohio, will be acceptable as ambassador to France from the United States, it was learned this afternoon, following a conference between the President and Mr. Herrick.

Mr. Herrick refused to state whether he had been tendered the post as ambassador to France, stating that this was a matter for the President to discuss.

The White House refused to make any announcement concerning the probable appointment.

PRE PRESENT CABINET

The first meeting of the new cabinet gives promise of a competent and satisfactory administration of the government. For two hours President Harding discussed with his official family and with the Vice President, whose presence marked a notable innovation, the problems which confront the various departments, and when the meeting was over each of the new secretaries left with a feeling of his own responsibilities and with the knowledge that he had the cooperation of the President and his colleagues.

One of the important reforms which lies before the cabinet, and one which cannot be effected without the concurrence of all its members, is to systematize the work with a view to eliminating duplication and overlapping of activities. Here is an opportunity for a great saving of effort and public money, but in order to accomplish it there must be a willingness upon the part of some cabinet ministers to surrender certain authority for the general welfare. It is understood that the new cabinet, to a man, stands ready to cooperate in this movement.

At this initial gathering each department head came with only the general idea of the work of his department which he was able to gather in two days. But the earnestness manifested and the determination shown by all to give their very best efforts to the tasks assigned them are evidence that President Harding has selected a working cabinet which enters upon its duties with an enthusiastic resolve to make good.

It is apparent that this will be no slacker cabinet, no aggregation of "rubber stamps." Every one of them is delving into the details of his department with avidity of a freshman preparing for an examination. Furthermore, each one of them now knows, if he has not been so told in terms, that the president will hold him responsible for the affairs in his own department and will give him a wide latitude of authority. The President, as the chief executive, will, of course, retain his right of veto and exercise the prerogatives of his office, but he will expect his advisers to be the real heads of the executive departments.

No confidence is betrayed when it is stated that President Harding is immeasurably pleased with the personnel of his official family and with the manner in which they have attacked their duties. He likes the spirit of cooperation they display and, above all, their earnestness. He is inspired with confidence in their ability to cope with the big problems which will confront the government in this administration, an inspiration which will be shared by the American people.

A cabinet official, like other mortals, must win his spurs before he is entitled to theapplause of the populace. None can make a record on his prospectus. He must translate his policies and hopes into achievements in order to score success. But President Harding is fully warranted in feeling pleased over the manner in which his advisers have entered upon their duties and he is justified in cherishing great expectations for them. They are men who have won success in their individual careers, and the earnestness with which they enter the public service indicates they will be satisfied with no less success as the servants of the American people.

HOW AMERICANS TRUST EACH OTHER

How we Americans do love each other! You get into ordinary conversation. All of us are convinced we are being robbed by somebody else. Our next-door neighbor is a good fellow personally. But as a business man we know he is a pirate. The salaried man is suspicious of his employer. He knows his grocer is a conspirator. As for the store downtown where his wife trades, he calls it the "daylight robbery." So, too, the dealer in notions looks darkly on the clothier. Both the clothier and the notion man blame the jobber and the farmer. The farmer is convinced he is the victim of the boards of trade. The Wall street broker is certain the country is being held up in the price of eggs and meat. With all this brotherly love so widespread, isn't it a good deal of a miracle that the country is able to rock along and not fly to pieces?

BRINK OF GREAT INDUSTRIAL CRISIS

(By International News Service)

LONDON, April 4.—Though the United Kingdom trembles upon the brink of a tremendous industrial upheaval which is considered inevitable if the nation-wide coal strike lasts, the general public displayed remarkable calmness on this, the second day of the tie-up which saw practically all of the 1,200,000 miners of England idle. The spirit of "muddling through somehow" was apparent on all sides, but even in conservative quarters it was conceded that this crisis is more dangerous than any of its kind the kingdom has passed through.

The government, from King George down, is giving every indication that it is thoroughly aware of the gravity of the situation. The king has called parliament to convene for Monday, eight days sooner than the date originally set, because "a state of emergency exists." The government's official declaration, moreover, described the situation as the gravest since the declaration of war in 1914, and a special cabinet committee has been appointed to deal with the crisis.

CHARLES FAILS IN HIS ATTEMPT

BY NEWTON C. PARKE
International News Service Staff Correspondent

PARIS, April 4.—Charles of Hapsburg, once more a "king without a country," having failed utterly in his spectacular attempt to reestablish himself upon the throne of Hungary, was still the center of interest in Europe today, but his movements were no longer watched with alarm, for all danger of any considerable part of his former subjects recognizing him as their ruler seemed past. His main concern at the present hour, according to all dispatches, is to hit upon a safe route out of Central Europe and a safe place to go to and stay.

Dispatches early today had it that he was returning to Switzerland, despite reports that the little mountain republic's government considers he has forfeited the right to its hospitality.

"Do you believe in the minimum wage?"

"No. The maximum. I've been working for the minimum long enough."

LITTLE BENNY'S NOTEBOOK

BY LEE PAPE

Las nite pop went to a bankwet, telling ma he wouldent be home late but not to wait up for him jest the same, and I went to bed and started to dreem about berglers, and I woak up and thawt I herd one down stairs, thinking, G, heck.

And I snuck out of bed and it was dark as the dooce, and I felt erround and picked up one of my shoes for a weppin and went out and looked over the bannisters, saying, Hello down there.

Nobody ensering enything, and I sed, Get out of there or Ill shoot.

Wich jest then I herd another noise and I quick throw the shoe over the bannisters and somebody sed, Owtch.

Being pops voice, and I thawt, Holy smokes, gosh. And I sed, Is that you pop?

Shh, yes, for the love of Peet dont throw the other one, sed pop. Sounding like somebody trying not to tawk loud, and I sed, Wats the matter, wats you doing pop? Wich jest then the setting room clock struck 3, proving wat time it was, and pop sed, Shh, shh, do you wunt to wake your mother, is this eny time of the nite to be yelling and throwing shoes erround? And he litt the lite in the 2nd floor hall and started to rub his shoulder, and I went down saying, G pop, I thawt you was a bergler, G pop, its a good thing it had a rubber heel aint it, pop?

Meening the shoe, and pop sed, Shh, if I dident wunt to avoid waking up your mother Id show you if it was a good thing or not.

Proberly meening it wasent, and I went back to bed and this morning at brekfist pop moved one arm stiff like somebody that was hit on the shoulder by a shoe, ony I dident ask him about it on account of not wunting to remind him, ma saying, Wat time did you get home last nite, Willyum? and pop saying, O not so late, not so late.

Me not saying enything.

REV. W. E. EDMONDS PREACHES FROM THE WORDS "WHAT MEANETH THIS?"

At the Presbyterian church, Sunday morning, Rev. W. E. Edmonds preached from the words "What Meaneth This?" found in the narrative of the events following upon the Resurrection and the Ascension. (Acts 2:12).

After Easter—Pentecost, of course. Christ having risen from the dead and ascended to glory, next was the outpouring of the Holy Spirit. Before He left the disciples He had bidden them to wait in Jerusalem until they should receive power. The work they were to do was promised success before they had begun. The plans of God had all been prepared for that day, and He had gathered together for the great feast devout Jews from all countries, to be at hand for this new and supreme occasion. The disciples and others of like mind to the number of 120 had been expectantly waiting upon God. Suddenly there came upon them the great new thing, the outpouring of the Holy Spirit; and as it fell upon them, there came wholly new powers of utterance—the equipment for the work before them. As the amazed crowds gathered, critics charged that "new wine" was the cause of what they saw. But the spirit-filled and transformed Peter boldly began to preach the truth to the crowd, and the Spirit moved in their hearts with conviction and repentance: and that day there was born again about 3000 souls. This, in brief, is the story of Pentecost.

"What meaneth this?" First, that there had now come down from heaven the Holy Spirit, the Third Person of the Trinity. Jesus had said "If I go away I will send Him." Further, it means that the Spirit has come to be a definite power in the life of the believer. Henceforth He is residing in the world, embodied in men and women.

"What meaneth this?" That you should have power in testimany, and power in prayer. It means the salvation of sinners. This power will manifest itself in a concern for lost souls.

Two weeks from today we begin upon a campaign of seeking souls. This began to be prepared for a year ago. The evangelist, Rev. John Brown, who was with us here six years ago, is known as one truly baptized of the Holy Spirit and led of God. You will be asked to work in whatever ways you can, for three full weeks, and to give up our usual meetings. Let us pray; let us make up our own prayer lists.

But we must look to ourselves; if there are wrongs within, we must get rid of them.

If there is anyone in this congregation that does not care about the lost—how would you feel if they were your very own?

MAKE SPRING VISIT TO THE YOSEMITE

Mr. and Mrs. John H. Braly returned the latter part of the week from a delightful trip which included Yosemite valley, where they spent several days. They found it very beautiful, the trees weighted with snow, but practically none under foot, and the streams and waterfalls very lovely. Mrs. Braly, who was far from well when they started, recuperated and returns in fine physical condition, but Mr. Braly caught cold which developed into bronchial asthma and he is confined to his bed. While away they took in the "Blossom Festival" or "Prune Fete" at San Jose which was a wonderful affair and attended by about 20,000 persons. San Jose was the old home of Mr. Braly and he has many relatives and old friends there whom he entertained with a dinner at Hotel Vendome during his stay.

MISS EVA DANIELS ATTENDS CONFERENCE

Miss Eva Daniels, press chairman of the Tuesday Afternoon Club, attended the district press conference which met in parlor D, Chamber of Commerce building, Los Angeles, on Saturday. The president, Mrs. J. H. Morford, presided, and Miss Pearl Rall, of the Los Angeles Express, acted as instructor.

Arrangements for the press luncheon to be held on April 20 at Pomona during the convention were discussed, and it was voted that presidents of clubs as well as press chairman should have the privilege of making reservations. Mrs. Henry Sheets, 135 Jefferson avenue, Pomona, has charge of the reservations.

The twenty-third President of the United States, Benjamin Harrison, was the grandson of the ninth, William H. Harrison.

CENTRAL CHRISTIAN SUNDAY SERVICES

All services at Central Christian church, yesterday, were well attended. The Bible School was well over the 200 mark and the morning church services were largely attended also. E. D. Chapin, who has been on the mission field in China for many years, occupied the pulpit and told of the recent harrrowing experiences in Gonsu province, in December and January, as detailed in letters from missionaries who were stationed in that section. The quakes continued intermittently for a month and a half and caused the death of 100,000 people, while many more suffered from wounds. The speaker told also of the awful suffering from famine, stating that between 30 and 40 million people are affected and that the deaths average 10,000 a day. A severe drouth following terrible floods, causing complete crop failures, was given as the cause and utter lack of seed for future crops will cause a continuation of the famine. He said more than $70,000,000 were needed to provide food enough to tide the people over until they can raise new crops.

The evening attendance was diminished by the sudden hard rain, but the house was comfortable filled. Rev. H. C. Kendrick, pastor of University church, Los Angeles, where Mr. Cole is now engaged in a successful revival campaign, was the speaker and his theme was "God's Image Lost and Found." Man was created in God's image and likeness, he said, but had fallen far from that high estate, and it is only by the transforming power of the gospel of Jesus Christ that he can be brought back to his original happy condition. God is ready at all times to do His part and is but waiting for man to claim the promises. Special music by the choir in the morning and by a male quartet in the evening added much to the impressiveness of the services while the exceedingly beautiful floral decorations, looked after by Mrs. Fred Mattice, were greatly admired by all.

HIKING TRIP TO ROBERTS' CAMP

Fifteen well-known young people of Glendale returned from a week-end hiking trip to Roberts' camp last evening, tired, but happy.

Chaperoned by Mr. and Mrs. Guy Pixley and Professor and Mrs. Alfred Cookman, the party left Glendale in automobiles Saturday evening about 8 o'clock for Sierra Madre, where they left their machines and hiked the eight miles up the mountain, arriving at the camp at 11:30.

They had intended to get up early yesterday morning to see the sun rise, but as he did not rise, visibly at least, they felt justified in sleeping later than is their custom on a hiking trip. Accordingly they breakfasted at 9, tramped to Fern lodge and the falls, had a wienie bake at lunch time and started down the trail in time to get home before dark.

Those in the party, besides the above-mentioned chaperones, were Misses Ane Cookman, Helen Gould, Willemae Hobbs, Alda Gervais, Irene Gervais, Leila Whitehead and Messrs. Jim Reid, William Cookman, Lloyd Richards, Henry Dryer and Ray Whitehead.

ALPHA OMEGA GIRLS WILL ENTERTAIN

The Alpha Omega Girls of the Central Christian church will hold a "Fun Fest" at the bungalow back of the church on Tuesday evening. Any girl who is lonesome or enjoys a good time and who is not already affiliated with some other class is urged to be there at 8 o'clock sharp. The girls are promising a royal good time to all who come.

WILL SOLVE THE POOL QUESTION

Editor Glendale Press:

There seems to be keen disappointment among the young men of our city over the failure in passing at our last election of the Civic Center proposition. Proper recreation for our young people, especially our young men should be given consideration by all.

Some time ago there was considerable discussion pro and con of having pool halls in Glendale. Those in favor of having them called to our attention the fact that there was nothing for the young man to do other than to loaf on the street corners or to go to Los Angeles for their diversion. Those against the pool halls claiming among other things that on account of the difficulty of proper control they would be a detriment not only to the young men, but to the community at large.

With due regards to both sides I think I have a proposition to make which will answer all arguments for and against. The Fifth Separate Company Infantry, California National Guard, otherwise known as "Glendale's Own," of which I am commanding officer, have rented a hall for a club room. The location is ideal being on Brand boulevard, next to the Pacific Electric station. It is our intention and desire to equip this hall with everything to make it a desirable place in which the men may spend their leisure time. Some of the equipment being a piano, writing tables, reading material and games of the different kinds. Now, why not answer the pro and con of the "Pool Hall situation" by adding about three pool tables to our equipment. There could be argument about control for it would be under the control of Uncle Sam, represented by the officers of our company who have at heart both the interests of Glendale and the young men.

The National Guard is a federalized institution and is supported by the government. We think we can offer an answer to any and all objections to joining the Guards. Our organization is not run for profit, but is a distinct benefit to all who belong to it. The United States pay the men for their attendance at drill, furnish them with their uniforms and other equipment and allows money for rent of army and club rooms. Some people think it is easy to get into and difficult to get out of, but they are mistaken because if any of the men desire to get out or prove undesirable through lack of attendance or other reasons they are given their discharge for only boosters are wanted. It is our intention to keep our club rooms open from 4 in the afternoon until 10 at night, and an older man capable of handling the situation will be in charge at all hours. There will be no charge for use of club rooms.
